FRIENDS of JAGS

Junior Amateur Golf Scholars (JAGS) is a fully-accredited 501c (3) nonprofit public benefit organization established to allow continued growth and development for both boys and girls ages 13-18, through a competitive year round junior golf program in Southern California. **JAGS** is dedicated to helping young men and women develop mental and physical skills required for golf competition during and beyond high school. **JAGS** gold and silver members maintain a minimum grade point average and show a personal desire to improve golf skills while preparing for college.

Friends of JAGS make it possible for junior golfers to play in competitive two-day tournaments at top rated golf facilities in Southern California at reduced rates. Friends also directly help junior golfers obtain their objectives through golf by allowing them a chance to perfect their game while maintaining the highest educational standards to qualify for enrollment into college.
